

BIO BREAKDOWN II

NON-HAZARDOUS CONCRETE REMOVER (INSTANT OR TIME-RELEASE)

PRODUCT HIGHLIGHTS

- Begins to break down concrete on contact
- Time release action continues to work to break down thicker accumulations
- Safe to use on trucks and all your concrete equipment
- Can be used on paint, steel, aluminum, magnesium, rubber plywood and fiberglass
- No harmful fumes or harsh acid
- Biodegradable
- Non-hazardous

Golden West Industrial Supply is pleased to bring you the first concrete remover that works at your pace, AND is completely non-hazardous to ship and to use.

Spray **Bio Breakdown II** on concrete equipment and agitate with a brush to break down concrete for immediate removal, or if you leave the product on, **Bio Breakdown II** will convert concrete into mud for easy removal – either way, the product is among the safest, gentlest and least hazardous concrete removers on the market!

INSTANT REMOVAL DIRECTIONS

May be applied full strength or diluted up to 3:1 with water depending on concrete buildup. Ratio depends on the concrete's thickness and how long it has been dried. Agitate with a soft-bristle brush to facilitate quicker removal. Rinse or power wash.

TIME-RELEASE / DIPPING DIRECTIONS

Apply liberally to concrete or submerge item in a poly, plastic or rubber dip tank. Steel tanks may also be used if coated with epoxy paint. Let the product sit for a least 5 minutes to as long as overnight to minimize cleaning effort. If left overnight, re-wet concrete surface with product. Brush and rinse or power wash.

SAFETY PRECAUTIONS

KEEP OUT OF REACH OF CHILDREN.

Only use outdoors or in well-ventilated areas indoors.

Store product in closed, properly-marked containers when not in use.

Refer to MSDS for complete safety information prior to using this or any chemical product.
