# LUBE & COAT

SUPER DRY MOLY  
CHLORINATED

An extreme range lubricant and anti-seize coating that withstands temperatures from -110°F to +1050°F. Resists pressures up to 100,000 psi. Inert to water, oil, alkalis and many acids. Dry film coating will not attract dirt or dust. Contains pure Molybdenum Disulfide particles which burnish themselves into metal surfaces and provide a bonded lubricating film. Provides lubrication even under salt spray conditions. Meets MIL-A-907D.

## INDUSTRY USES:

Foundries, automotive plants, vehicle maintenance, sewing trades, paper and corrugated converting, chemical plants, textile plants, woodworking, marine, agricultural and military equipment, road equipment, oil drilling equipment, aircraft maintenance, steel mills, mining operations, etc.

## TYPICAL APPLICATIONS:

- Sprockets • Release Agent • Trolleys • Overhead Rails
- Automobiles • Slide Rails • Trucks • Open Gears
- Conveyors • Forklifts • Telescoping Boom
- Extendable Outriggers • Aerial Work Platforms
- Backhoe Stick & Sideshift • Open Gear Applications
- Other Sliding Surface Applications
- Applications Where a Dry Lubricant is Desired
