

# GOLDEN WEST INDUSTRIAL SUPPLY

## GLOW IN THE DARK TAPE

Our safety grade, Glow in the Dark Tape is a long-lasting photo luminescent, pressure-sensitive tape that helps to delineate a safe escape route, and locate emergency equipment when the lights go out. This Safety Grade material absorbs and stores energy from any ambient or UV light source, providing an illumination time of 6+ hours in the event of an emergency. Tape is non-toxic, non-radioactive and UV stable.
