

# BIO-KOTE™

## UNIVERSAL CONCRETE REPELLENT COATING

### PRODUCT HIGHLIGHTS

**BIO-KOTE** eliminates build-ups by repelling concrete, mortar, grout and gunite from tools, concrete trucks, and other roadworking equipment and facilitates easy clean-up. Its function is to make clean-up quick and easy. **BIO-KOTE** bonds electrostatically and attaches itself to both painted and unpainted surfaces. **BIO-KOTE**, when applied as a single thin coat, is non-staining, reduces waste and clean-up time and increases productivity.

- Repels concrete, mortar, grout and gunite
- Eliminates build-up on forms, tools and mixers
- Economical – one application saves hours of cleanup time and lasts up to 3 days
- Ready-to-use formula requires no diluting
- Multi-Surface formula – helps protect vehicle finishes; compatible with paint, plastic and all metals
- Easy application – brush, spray or wipe on
- Reduces paint damage by eliminating chipping and minimizing acidizing
- Helps ensure the highest possible quality concrete finishes by minimizing voids and bug holes
- Will never stain or discolor

### DIRECTIONS

Repellent Coating: For best results, forms and/or surfaces to be protected should be clean of dirt, debris, dried concrete and rust. Simply apply a thin coating of **BIO-KOTE** to all cleaned, dry surfaces needing protecting. Apply by spraying, dipping, mopping, brushing or wiping on.

**BIO-KOTE** can be removed with industrial cleaners and a brush, a pressure washer or a steam cleaner. Rinse well.

**DANGER: MAY BE FATAL IF SWALLOWED AND ENTERS AIRWAYS. KEEP OUT OF REACH OF CHILDREN.**

Contains petroleum oil. Dispose of contents and container in accordance with applicable regulations.

**FIRST AID:** If swallowed: Rinse mouth. Do NOT induce vomiting. Immediately call a doctor or poison center. **See the Safety Data Sheet for additional information.**
