

GOLDEN WEST INDUSTRIAL SUPPLY

CRYO-TECH™ Cryogenic Nitrided

#12017

- Nitrided coating creates a surface hardness to 70 Rockwell C, exceptional corrosion resistance and heat.
- Cryo Treatment — increases toughness while reducing brittleness.
- Replaces cobalt drills when drilling series 300 & 400 stainless steel.
- Excellent for Truck & Trailer repair, Recreation equipment repairs and MRO distribution partners.
- Manufactured in the USA.

#11994
